What is Microsoft Teams?

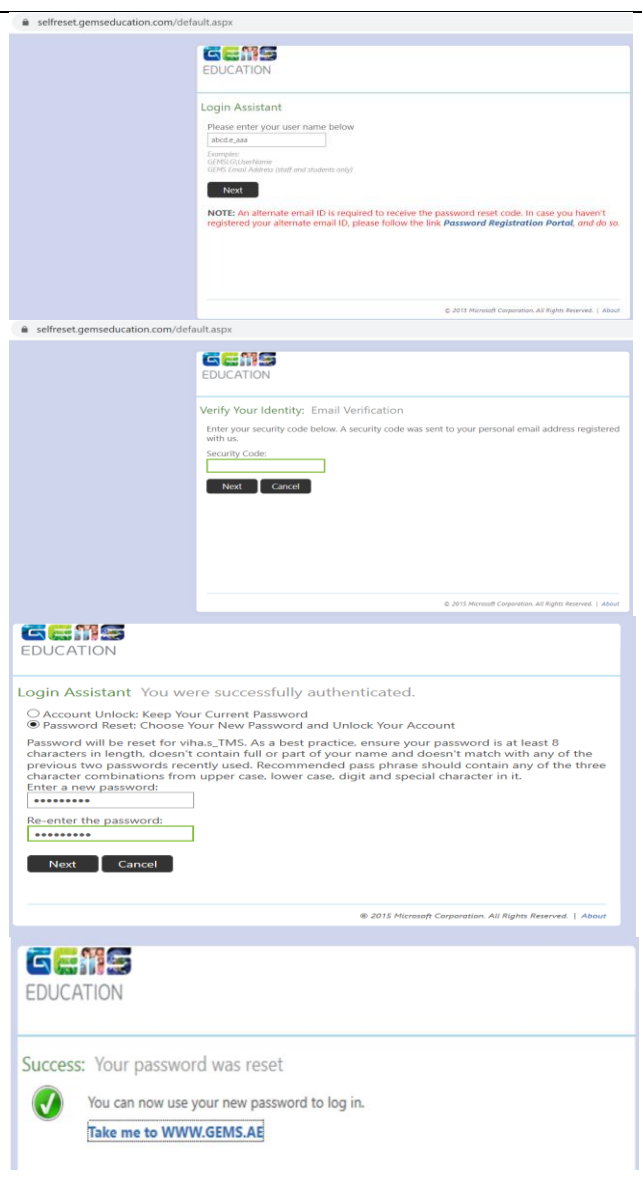

Microsoft Teams is a digital hub that brings conversations, meetings, files, and apps together in one place. Teams is built on Office 365 making integration easier as an E-learning platform for Teachers and Students as they already have a GEMS ELearning account. It delivers enterprise-grade security and compliance that is extensible and customizable to fit the needs of every school.

Student Password Account and Reset

- Each student will have a GEMS Elearning account which will be [name.surname_schoolcode@gemselearning.com](mailto:abcde.aaa@gemselearning.com) as an example (abcd.e_aaa@gemselearning.com)
- The Parent or Students can reset the password by going to the following URL <https://selfreset.gemseducation.com/default.aspx>
- Key in the Student id "abcd.e_aaa" and click next.
- A security code containing a sequence of random numbers will be sent as an email to the parent registered email address with the school.
- After code input click next, to open the password reset page.
- Type in the preferred password and click next to update the system with the new password.
- If any issues with password reset or account please contact the School IT Helpdesk.

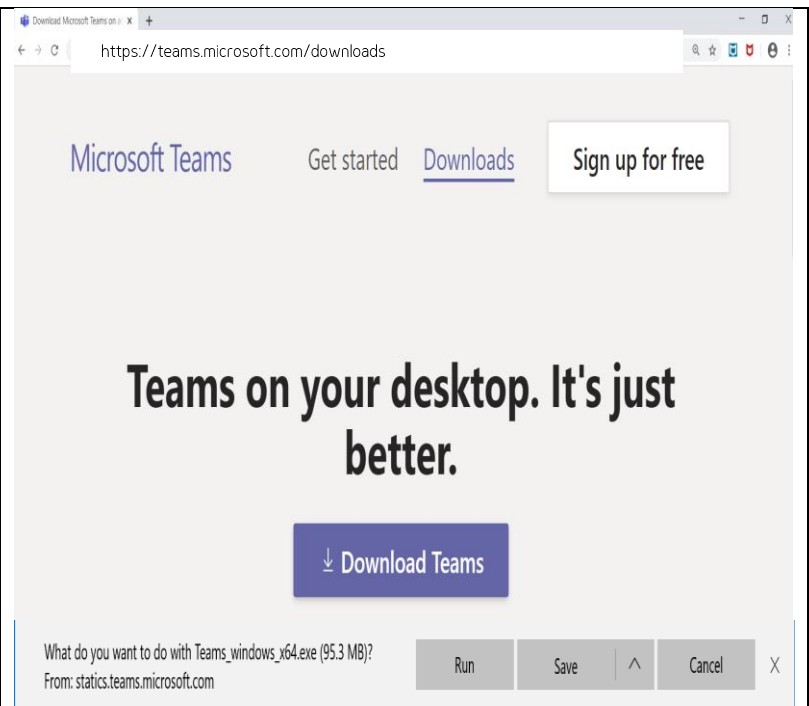

The screenshot illustrates the password reset process on the GEMS Education website. It is divided into four main sections:

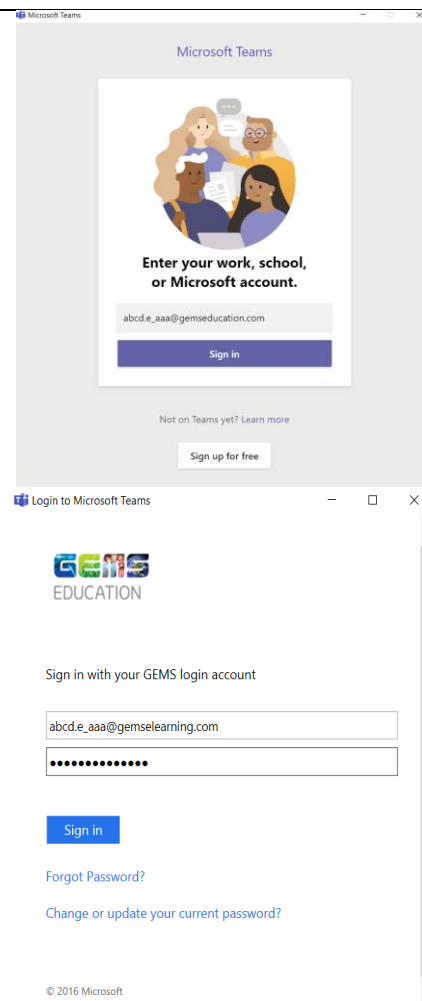

- Login Assistant:** The user enters their username (abcd.e_aaa) and clicks the 'Next' button. A note indicates that an alternate email ID is required for password reset codes.
- Verify Your Identity: Email Verification:** The user enters a security code received via email and clicks 'Next'.
- Login Assistant (Post-Authentication):** The user is notified of successful authentication and chooses between 'Account Unlock: Keep Your Current Password' and 'Password Reset: Choose Your New Password and Unlock Your Account'. The user selects 'Password Reset' and enters a new password and re-enters it.
- Success:** A confirmation message states 'Your password was reset' and provides a button to 'Take me to WWW.GEMS.AE'.
